Variety Concert Draws Full House

The "Storybook" background that was created by Donnie Wiggins, Diane Sawatzke and Bill Morton, lent to a delightful atmosphere for the annual school variety concert held in the school auditorium on Friday night.

We are told there were more than a thousand who were interested enough to attend.

True to the traditional storybook, "Panda" opened the Box children's rally with a beautifully sung, "Tending toward a modern-style story-book, our friend Mouse Mickey resigned supreme.

Everyone danced to the best rhythm. Each number on the program added to a treasure "Storybook."

CURLING RINK HITS THE DECK

No body knows for sure just what happened to the local curling rink which is under construction, but we all know most of the erected arches hit the deck one night last week. Work was progressing very well and there were only a few more arches to be erected when the blow fell.

Was it the high winds that night? Was it improperly braced? Was it, it was it . . . ?

We know one thing — it was a heart-breaker for the fellows who have worked so hard on the project. However, they're all out and smiling again, and pounding nails.

Could be 'twas just as well the fell when there was no one in the target area; if it was going to fall there couldn't have been a better time.

There is no doubt, things will be different next time the arches are arched.

Ramblers Take All The Honors; Retain Possession Of Trophy

It's all over for another season — Didsbury Ramblers retained possession of the Chinook Hockey League trophy which they won last year, when they defeated Olds 3-1 here Saturday night.

A recap of the finals reads this way . . . Olds won the first game. Didsbury came back with two wins and the four game series was tied. Ramblers ended up on top in the fifth game.

In the tie game, played here on Wednesday of last week, it was a tough and no situation most of the way.

Laverne Neufeld put the Ramblers ahead early in the first period. Olds tied it up a minute later. Didsbury went ahead again early in the second period and held a one goal margin until midway through the third session when the visitors moved in to tie the score again.

Ten minutes of overtime made no change in the scoreboard. Shantz and Laverne Neufeld scored for the locals with assists going to A. Neufeld, Shantz and L. Neufeld.

In the final and pay-off encounter, Ramblers lagged at times but when the final whistle was blown they were riding once again with the trophy in their saddle-bag.

At the end of the first period it was 2-1 for Olds; the margin was stretched to 3-1 before the locals arrived back on the scoreboard in the second period.

The story was different in the third canto as Ramblers blinked the light twice to earn the victory and the cup.

Butch Neufeld and Don Irwin were the Didsbury scoring ace, they connected for two each. They had helpers on all four goals but the assistants' names were not available at this time. Names in parentheses are not too important to most local fans, just as long as their favorites won.

There are a lot of players on the team not mentioned in the trophy parade, who had much to do with the league tie remaining in Didsbury. If space permitted we could name them all but should they glance at this we piece we trust they'll realize how important they were to the "big team" that whipped the so-called unbeatable.

During the season Ramblers played 35 games — the final count proves they came out to win, which they did in most of their outings.

Ramblers were the only team able to defeat the Olds entry during the season. It happened once in an exhibition game and, of course, in the final series.

The Ramblers will be around next season to try and make it three in a row!

Game Group Holds Banquet

The annual banquet, sponsored each year by the Didsbury and District Fish and Game Association, was held in the school auditorium on Saturday night. Guests were present from Calgary, Olds, Carstairs and Innisfail.

Specialties on the menu included elk, deer, moose, partridge, buffalo, duck, ham and fish, which was ably served by the Coburn Community Club.

During the intermission Mr. Albert Krebs and his sons rendered musical selections.

Mr. C. Smith, director of wild life for the province, was the guest speaker. Mr. Elmer Kure, president of the Alberta Fish and Game Association, Mr. Laurence Owens, M.L.A., and Mr. George Sparrow, secretary-manager of the provincial body, also gave short addresses.

A certificate of merit was awarded to Mr. Raymond Fulkert for his distinguished service to the organization.

Prizes were awarded to predator winners. They were: 1st, Robert Wilschusen; 2nd, Sheila McEwen; 3rd, Donald Fisher.

Awards were also presented to winners in the fish derby; names of these winners were not available at press time.

IF EASTER HAD NEVER HAPPENED

What would happen if suddenly, proof were forthcoming that the resurrection story was a myth — that Jesus never rose from the dead? The whole of Christendom would be stunned, the communists and other enemies of the Cross would be jubilant, declaring that they had known it was a hoax all along; those who had been grudgingly doing right out of a sense of duty to a creed, would throw all restraint overboard, and chaotic conditions would prevail.

At the end of the last century, an author, Guy Thorne, skillfully portrayed such a denunciation in his book: "When It Was Dark," described how a parchment had been unearthed purporting to be a confession of Joseph of Arimathea, that he had removed the body of Jesus from the tomb he had lent, and buried elsewhere. But the story was never truer to life than when it pictured the attitude of the genuine Christians — those who had accepted the teachings of Christ, at an early age, and had experienced a catalytic change in their thinking and acting, those who had lived in close touch with Christ all their lives. They refused to believe the news, and were not surprised when it was revealed as a forgery.

To the confirmed Christian, the resurrection is not a remote something that took place in the dim, shadowy days of the first century; it is an ever-recurring, present-day miracle which they do not need to be assured of the rising again of Jesus by re-reading the story from ancient documents. He is alive as far as they are concerned by more infallible proofs — they feel His presence ever near.

Brother Lawrence and Francis of Assisi were not the only men who "practiced the presence of God" — who went about their kitchen duties or their rustic wanderings with the conviction that Jesus was actually with them all day long; millions of believers are just as convinced. They take literally the words of Jesus: "If ye abide in Me and My words abide in you, ye shall ask what ye will, and it shall be done unto you." They do not regard themselves as mystics, because most of them are happy, wholesome, natural people, fond of a good laugh, enthusiastic in the way they tackle work and play, and thoroughly reliable, likeable persons.

They believe the resurrection story so wholeheartedly that Jesus is a Constant Companion by their side. They do not need to enter a stately cathedral to pray; they merely whisper a word as they go about their daily routine, and they are certain that Christ understands.

How does this faith stand up today, when the threat of terrifying missiles zooming through space from thousands of miles away stares their world in the face. They remain unshaken. Their conviction that Christ is a reality, that He is ever with them and will not suffer harm to come to them in a source of confidence. It is not the ostrich-like head-in-the-sand business; it is a tried and proved trust in One who has never failed them. They hear the voice of Jesus, as in the days of His flesh: "When ye hear of wars and rumors of wars be not troubled." Quite the contrary: "Then look up and lift up your heads. FOR YOUR REDEMPTION DRAWETH NEIGH!"

That is what makes Christianity such a dynamic force in the world today. It is because its faithful adherents accept the Faith one hundred percent. They know they are not worshipping a dead god; they do not make a pilgrimage to some mausoleum where his body may be "observed in a glass coffin, or in some pretentious tomb. He is alive; His presence fills the universe. No need to journey to find Him: He is everywhere present — "nearer to us than breathing."

The purpose of the celebration of Easter is to quicken the flagging faith of weak disciples of Jesus — to turn timidity to boldness; defeat to victory; doubt to faith; boredom to enthusiasm. This can happen. There can be the miracle of a spiritual resurrection — if we take Jesus in simple faith, and enshrine Him on the throne of our hearts.

A Strong Red Cross

At some time in the near future
a neighbour will call at your home.
The visit will be a friendly one as
your caller will be on a mission of
mercy.

The visitor will be a volunteer
canvasser for the Canadian Red
Cross annual appeal for funds. That
person will be one of the many
thousands of men and women who
will knock on the doors of the
nation during Red Cross Month to
seek financial support for the Red
Cross.

It has been said that the work
of the Red Cross is people helping
people and through its work every-
one helps and everyone benefits.
The annual appeal of the Red
Cross is not an emotional appeal of
the moment because the many Red
Cross services and programs are
provided throughout the year on a
round-the-clock basis. They form
a long list of essential projects for
our community, our nation and the
world.

This year the Canadian Red
Cross Society celebrates half-centu-
ry of service to the nation and the
world. Its work during the most
eventful period of our history
has kept pace with the growth of
a vigorous country. Through the

generosity of our people the Cana-
dian Red Cross has been enter-
prising and able to meet its many
humanitarian obligations in peace
and war.

Since granting of its Charter in
1909 the Canadian Red Cross has
grown strong and now plays an
important role in the life of more
than 1,200 communities. People
have always been willing to serve
others under the traditional symbol
of the Red Cross and their help
and support has made the record
of Red Cross a most enviable one.

This year the Red Cross looks
back over 50 years of achievement
and looks forward to the years of
the future. A strong Red Cross is
an asset to our nation and it is
the responsibility of every citizen to
maintain this position. We can do
this by volunteering our dollars. A
generous contribution this year will
keep our Red Cross ready and able
to serve everyone.

SMILE AWHILE . . .

The fat man made a rush through
the gate for the rear platform of a
departing train. As he came back,
perspiring and frowning, the gate-
man grinned: "Just missed her eh?"
"Oh, no!" retorted the exhausted
one. "I was only chasing her out
of the station!"

TREE PLANTING: Within the
next few weeks tree planting will
start. Depending on the earliness
of the spring we can expect these
trees to start coming out from the
nurseries by the middle of April.
To those of you who have trees on
order you will be advised by letter
or card several days prior to their
being shipped by express to your
nearest railway express point.
When you receive this notification
be on the watch for your trees to
arrive so that the bundles do not
have to be around in your local
express office too long.

The tree planter will again be
available at a modest charge, as in
previous years. The rate that has
been set for the planting of the
trees is as follows:

A minimum charge of \$5.00 for
planting up to 500 trees; 500 to
1000 \$7.50; 1000 to 2000, \$10.00;
2000 to 5000, \$12.50; over 5000
trees, \$15.00.

If you require the use of the
planter make it known to me and
we will put your name on our list.
We bring the planter to your place,
you supply a tractor and we will
plant your trees for you.

CHRISTIAN SCIENCE

Christ Jesus' mission to reveal the
true nature of God and man will
be brought out at Christian Science
services Sunday.

Highlighting the Lesson-Sermon
entitled "Reality" is the Golden
Text from Mark (11:15): Jesus
came into Galilee, preaching the
gospel of the kingdom of God, and
saying, The time is fulfilled, and
the kingdom is at hand.

Selections to be read from "Sci-
ence and Health with Key to the
Scriptures" by Mary Baker Eddy in-
clude the following (208:20): "Let
us learn of the real and eternal,
and prepare for the reign of spirit,
the kingdom of heaven — the
kingdom and rule of universal har-
mony, which cannot be lost nor re-
main forever unseen."

From the Bible will be read the
following (11 Corinthians 4:6): "For
God, who commanded the light to
shine out of darkness, hath shined
in our hearts, to give the light of
the knowledge of the glory of God
in the face of Jesus Christ."

DISTRICT NEWS

M.V.B.C. NEWS

(From Our Own Correspondent)

This week has been a busy one again. The juniors put on the annual Junior-Senior banquet on Monday evening. The event was most colorful. The girls in their lovely dresses and the boys all "dressed-up" presented a pretty sight as they took their places in the beautifully arranged dining room. About 80 persons sat down to the banquet; Mr. Stewart Flinn, president of the juniors, presided. Rev. Watson of the Nazarene church, Stettler, was guest speaker. A program was presented during the banquet by members of the Junior class.

The seniors had been away on their annual "snak" while all of these preparations were going on. The motto for the challenge to the seniors was "Launch Out." The scene at the north end of the dining room showed a clouded background in color with a sea made of mache in front of it, holding a losing boat; to the side was a light-house in which a recorder was placed and taped music by Miss Helen Swalm was played at intervals during the evening. A rotating light on the lighthouse added to the effectiveness of the display. Upon entering the dining hall one passed through a "gangway" with life belts suspended at the sides.

The banquet was served by high school young people with Mrs. L. Hunapere and Mrs. Ira Stauffer assisting in the kitchen. Miss Betty Crown was head of the food committee and with her helpers did an excellent job.

The seniors this year spent their weekend "snak" at Aspen Bay. The juniors soon discovered their hide-out and complimented themselves on their sagacity.

Mrs. Finlay was on deputation work for the United Masonic Society over the weekend. Mrs. and Mrs. Witt also visited a couple of churches for the same purpose, and Mrs. Suder went to Athabasca to represent the College there and also speak on behalf of the W.M.S.

Miss Dorothy Shantz of Calgary, a graduate of this College, presented her pictures of England and Ireland at a Youth Fellowship meeting in the church Sunday evening. Miss Shantz was an exchange teacher for a year in England and travelled through these countries as well as in Europe. She was also a visitor in our Nigerian field and visited every station there with Rev. Osor Traub and his wife. She has had a wonderful experience and has an interesting story to tell.

ZELLA LADIES' GROUP HOLD MARCH MEETING

Mrs. V. Johnson of Harmattan was hostess to 13 members and one visitor for the March 19th meeting of Zella W.I. Roll call was an exchange of bulbs, plants or seeds.

The W.I. will sponsor a Talent Program on the evening of Friday, April 24th, with all proceeds to be donated to the Cancer Society. Donations to the Cancer Society can also be made at this time. Pie, ice cream and coffee will be served at a nominal fee.

The Calgary Albertan has been subscribed to for one year for the Senior Citizens' Home. "Care" parcels to children were also discussed. Mrs. E. Lowrie reported on the Cancer Workshop she had attended.

For her home economics topic Mrs. E. Lowrie read an article on
